WELCOME to BISHOP DAVID MOTIUK SCHOOL

WELCOME

Welcome to the Bishop David Motiuk School community! We hope that the information in this handbook will help to familiarize you with our school.

We provide students with an innovative and vibrant learning environment. Our staff members are carefully chosen for their excellence in teaching, their commitment to Catholic education, their energy, their enthusiasm and their ability to work in an inquiry-based educational program. We are extremely excited about the great things that are happening in our school, and we hope you will be too!

IB World Schools share a common philosophy — a commitment to high-quality, challenging, international education — that we believe is important for our students. In keeping with the philosophy of our IB programs, we work to educate the hearts and minds of our students by offering a rigorous academic program within the context of our Catholic identity. Students in IB programmes develop as internationally-minded, independent thinkers who are committed to success. In keeping with the IB Learner Profile, our students strive to be open-minded, balanced, reflective, principled, knowledgeable and caring learners who are inquirers, thinkers, risk-takers, and communicators.

At Bishop David Motiuk, we strive to maintain close communication with our families in order to serve the needs of our students. We look forward to your presence and contributions in making your child's educational experience at Bishop David Motiuk School productive, rewarding, and memorable.

SCHOOL MISSION

Informed and inspired by our Catholic faith, the mission of Bishop David Motiuk Catholic Elementary and Junior High School is to help our students grow as good and faithful persons while fostering their development as confident, reflective and capable learners who think critically and consider both local and global perspectives.

WELCOME to BISHOP DAVID MOTIUK SCHOOL

SCHOOL VISION

Bishop David Motiuk Catholic Elementary and Junior High School is a Christ-centered community that invites students to grow together in faith and learning. We celebrate and nurture the gifts and uniqueness of each child in an environment where students develop as thoughtful and independent learners who are well-equipped to deal with the opportunities and challenges that life brings.

SCHOOL CHARISM

The charism of Bishop David Motiuk Catholic Elementary and Junior High School is to emulate the love and hospitality of Jesus in all that we do. Our charism is inspired by the life of Jesus. We recognize that all persons are created in the image and likeness of God and have an inherent dignity and worth. All persons are welcome and belong in our community of believers. We live the beatitudes and are bearers of the Word of God.

SCHOOL LOGO & MOTTO

Our logo and motto, “We are one family in Christ,” reflects our strong belief that as Catholic and Christian believers, we are indeed one family in Christ. Our logo features a child leaning into the love of an adult – a parent, a teacher, a member of the clergy, a staff member, a caregiver. The adult’s body is made up of a stylized heart that has the cross at its center. The cross reminds us that each of us is filled with the love of Christ and we share this love with one another in friendship and trust.

SCHOOL COLOURS

The Bishop David Motiuk School colours are blue and green. Blue is the colour of royalty and nobility. In our Christian tradition, blue has been a colour associated with Mary, the Mother of God. The colour blue is also life giving in that it is the colour of the sky and of water, which nourishes and sustains us on our life’s journey. Green is the colour of growth and represents the way we grow together in love and learning.

SCHOOL MASCOT

Our school mascot and team name was designed and voted on by students. We are the Wolf Pack!

The wolf pack emphasizes our close ties and our loyalty to one another as well as our willingness to defend our turf – or our sports titles!

COMPLEMENTARY COURSES FOR JUNIOR HIGH

Students in grades seven - nine enjoy having some choice in terms of the complementary courses they take. Complementary courses offered at Bishop David Motiuk School include courses in Fine and Performing Arts and Career and Technology Foundations (CTF).

As a requirement of IB programming and in order to ensure that our students have a complete and balanced educational program, all students are required to study a second language (French as a Second Language) and to enroll in courses from both the fine arts and CTF streams.

At Bishop David Motiuk, instrumental music and French as a Second Language are full year courses. All other complementary courses are offered in semesters that correspond with reporting periods. This provides students with a choice in their elective courses.

PROGRAMS

at BISHOP DAVID MOTIUK SCHOOL

Descriptions of complementary courses that could be offered in the next school year are listed below. Courses are offered based on demand, so only those courses in high demand will be offered in a given year. If a great many students requested art as a complementary course, for example, it would be offered and we might even add additional classes in order to meet the demand. Conversely, if very few students wanted to take a particular course, we would not offer it in a given year.

HOMEROOM

Each student is assigned to a homeroom teacher. Elementary students remain with homeroom teachers for most of the school day. Grade six students are part of the IB Middle Years Programme. Consequently, they follow the junior high timetable, although they do not have elective courses. Having our grade six students follow the junior high timetable allows us to provide specialist teachers in core subject areas such as language arts and mathematics. Junior high students begin the morning in their Block 1 class, where attendance is taken and recorded. In junior high, attendance is taken in each class. Junior high students are assigned a homeroom. The homeroom teacher takes a special interest in his or her students and helps to build a feeling of community and understanding within the class.

COMMUNICATION

LATES AND ABSENCES – PHONE HOME PROGRAM

Consistent and regular attendance is essential to being a successful student and for getting the most out of each student's education. If a student is going to be absent, parents/guardians may enter the absence into PowerSchool prior to 8:20 AM for morning attendance and prior to 11:30 AM for afternoon attendance. This is the preferred means of notifying the school about absences. Parents/guardians may also phone the school prior to 8:00 AM. Due to the large number of students at our school, it is not always possible to process absences prior to morning call outs. Messages may be left on the answering machine through the night or early morning. Our automated phone system will telephone the student's home or parent's place of employment if we do not hear from the parent. Students who must leave the school prior to the end of the normal school day must sign out at the office prior to leaving the school. Parents are asked to telephone the school to let us know when students will be leaving school early. Students reporting late for school must register in the office before proceeding to class.

PROCEDURAL INFORMATION

NEWSLETTERS & CORRESPONDENCE

The school newsletter is posted to our school website by the first operational day of every month and a notice is sent to parents via Broadcast Messaging (email). We communicate information to parents as it becomes available, via email. Generally, additional communication is sent on Fridays throughout the school year.

POWERSCHOOL

We believe it is imperative that parents be well informed as to their child's academic progress. PowerSchool is available for parents of students in ECSD. Parents of junior high students may login to the Power School portal to view their child's class assignments, grading information, report cards, attendance, scheduling information. Parents of elementary students may view their child's attendance and report card information. This program allows parents to easily communicate with teachers via e-mail or receive automatic notification of unexcused absences, missing assignments, or failing grades. PowerSchool also allows parents to pay fees online and to review bussing information such as stop locations and/or time changes. Once we have registration documents, including email addresses, we will provide parents who are new to ECSD with a username and password to access the system.

NOON HOUR PROCEDURES

LUNCH HOUR

Most students eat lunch in classrooms, while select junior high grades eat lunch in the small gym. Once students have finished eating lunch, a supervising teacher dismisses them. In order to ensure that there are not too many students on the fields at one time, elementary and junior high students have staggered lunch hours. After eating lunch, junior high students may spend the remainder of the lunch period participating in informal games or various club activities, working in the learning commons or with individual teachers, or going outside.

Please Note: unfortunately, we do not have microwave ovens for student use.

HOT LUNCH PROGRAM

Bishop David Motiuk is pleased to offer a hot lunch program for students each Friday. Hot lunch orders are placed online through Healthy Hunger. Information about our hot lunch program is published in the September newsletter.

Vendors for our hot lunch program include Booster Juice, Boston Pizza, Extreme Pita, Panago, Edo Japan, Press'd, Subway and others.

PROCEDURAL INFORMATION

LUNCH DROP OFFS/DELIVERY SERVICES

Parents are asked to make sure to send lunch with students in the mornings. Due to the large number of students at our school, and the volume of lunches that could be dropped off on any given day, we ask that parents refrain from dropping off lunches or ordering lunches from local delivery services for their children. This takes staff members away from their regular office duties for long periods of time each day. We do not disturb classes for lunch deliveries, and we do not have staff available to ensure that lunches are delivered to students. Thank you for your cooperation.

CLOSED CAMPUS

Students are not allowed to leave school property during the lunch break. All students must remain in the school to eat their lunch in their designated area. Students may go on the school grounds for the remainder of the lunch hour, however, under no circumstances are they allowed off school property. The only exception to this is for students who live within easy walking distance of the school and have their parent's written permission to go home for lunch on file in the office. Please note: the Michael Phair side of the field is considered to be off school property.

STUDENT LED CONFERENCES/PROGRESS REPORTS

Information about student achievement is available on PowerSchool throughout the school year. Student led conferences are held in November and March, and progress reports are issued in January and June.

STUDENT RECOGNITION PROGRAM

At Bishop David Motiuk School, we strive to live up to our motto – “We are one family in Christ.” As members of a family, we cheer one another on and celebrate the achievements and contributions of each person in our community. We celebrate the achievements of each of our students as they engage with the curriculum and discover areas of learning they are passionate about.

Students are recognized for their achievements through comments on PowerSchool, summary reports, on morning announcements, and in school and district publications. Students will also have opportunities throughout the year to share their learning and achievements with families.

TRANSPORTATION

Yellow bus service is available for students living within our boundary area and outside of the 2 km “walk zone.” The Edmonton Transit System is available for other students. Payments for bus passes may be made through PowerSchool.

ACTIVITIES

at BISHOP DAVID MOTIUK

WHOLE SCHOOL ACTIVITIES

Bishop David Motiuk is a very busy school in terms of activities and events that extend learning and build community.

RELIGIOUS CELEBRATIONS

As a Catholic school, we mark important events in the school and liturgical calendar in celebration. Most celebrations take place at school or in classrooms.

Students at our school attend a number of different parishes, including Annunciation, Good Shepherd, St. John the Evangelist and St. Joseph's Basilica. Our school population is too large for any of our parishes to accommodate us all at once. With that in mind, in the upcoming year, we will celebrate masses at the parishes that can accommodate our elementary (PYP) and our junior high (MYP) students. Masses will be led by the parish priest and Bishop David will be invited to concelebrate whenever he is available.

MEET THE STAFF/CURRICULUM EVENING

Each September, we invite Bishop David Motiuk families to our annual Meet the Staff Evening. This is an opportunity for families to meet their children's teachers and learn a little bit about what students will be learning over the course of the year.

SPIRIT DAYS

Each month, Bishop David Motiuk students take part in Spirit Days that involve events and/or dress-up days. Spirit days are lots of fun for everyone.

SEASONAL EVENTS

We hold many events for the entire school that are specific to a particular time of year, such as Halloween activities, Christmas activities, Valentine's activities, and many others.

ELEMENTARY ACTIVITIES

There are a number of events and activities that are specific to our elementary, such as our annual Christmas concert, Volleyball Tournaments, dances, clubs and fun days. Grade six students take part in AMA patrols. Bishop David Motiuk students also look forward to many field trips and activities over the course of the year.

PROCEDURAL INFORMATION

SCHOOL POLICIES

ACCEPTABLE BEHAVIORS

We know that most students behave appropriately most of the time. We also believe that people perform better when they know what is expected of them. Bishop David Motiuk School is committed to providing students with a school environment that is both safe and conducive to learning. We are dedicated to teaching students appropriate behavior towards themselves and others. We expect students to behave in an acceptable manner, which does not interfere with the learning or behavior of others. Students are to conduct themselves in a manner that is respectful.

STUDENTS CAN CONTRIBUTE TO CREATING A POSITIVE LEARNING ENVIRONMENT BY:

- smiling at peers and adults in our school
- speaking to their friends about their behaviour (in a nice way) when they are not contributing to a welcoming, caring, respectful and safe environment
- greeting visitors to their classroom or school
- being friendly and helpful towards students that are new to the school and others
- sitting with someone who is alone at lunch, inviting someone to join games or sit with their group outside, or working together to complete a project
- keeping our school and school grounds clean and tidy
- coming to school/class on time and as prepared as possible
- treating everyone with respect even if they don't agree with their beliefs and/or values
- having empathy for others
- following classroom and school expectations so everyone is able to learn
- not engaging in behavior such as put downs or snickers when questions are asked in class – no one should feel afraid or nervous about coming to school.

SCHOOL POLICIES

PARENTS CAN HELP STUDENTS MEET THEIR RESPONSIBILITIES BY:

- modelling kindness
- paying attention to how they talk about other children and the school in front of their children
- taking responsibility for their mistakes
- reporting any problems at school to the teacher as soon as they can. Problems are easier to solve when they haven't been going on for a long time. The best place to start is with their child's teacher. If parents are not satisfied with the results of this conversation, the next step would be to make an appointment to speak with their child's principal
- modelling peaceful problem solving when you have a conflict

OTHER WAYS THAT PARENTS CAN CONTRIBUTE TO A WELCOMING, CARING, RESPECTFUL AND SAFE LEARNING ENVIRONMENT

- speaking respectfully to and about school staff
- speaking positively about the school, staff, other students and their families in front of their child
- making appointments to ensure the person they want to speak with has sufficient time to have a focused conversation. Drop off and pick up times are not ideal for parents or for the teacher
- communicating with the teacher or other school staff – e.g. positive notes or emails to their child's teacher and/or other school staff, positive comments when parents drop off or pick up their child

GENERAL EXPECTATIONS FOR BEHAVIOR

At Bishop David Motiuk, we are dedicated to learning in a welcoming, caring, respectful and safe learning environment. Students and staff at Bishop David Motiuk Catholic Elementary and Junior High School aspire to the ideals set out in the International Baccalaureate Learner Profile as a guide for their work and behavior.

IB learners strive to be inquirers, knowledgeable, thinkers, communicators, principled, open-minded, caring, risk-takers, balanced, reflective.

SCHOOL POLICIES

We are focused on learning in a positive and caring environment. Anything that interferes with teaching or learning is not allowed. This includes inappropriate dress, gum-chewing, head gear, sunglasses, inappropriate use of electronic devices or games, behavior that is in conflict with our district responsible use agreement, and physical contact between students. School-wide expectations are communicated to our students by teachers in classroom discussions, by school administration in assemblies, during morning announcements, through the school newsletter and through our school website. We have set behavioral guidelines for the school as a whole and have asked each teacher to set programs and procedures designed to maximize student learning and responsibility. Since each teacher has a different style, specific expectations and procedures will vary from class to class.

CONSEQUENCES FOR INAPPROPRIATE BEHAVIOR

We concentrate on positive behavior and attitudes; however, there are times when a student has difficulty recognizing their responsibility as a student. In such cases, we have outlined a number of possible consequences for behavior, whether the behavior occurs within the school building, during the school day or by electronic means. When a student behaves inappropriately, they can expect that the staff member present (teacher, administrator, teacher assistant, support or custodial staff) will take the most appropriate action. One or more of the following can be expected to occur:

- Verbal reprimand
- Restriction of privileges and activities
- Noon hour detention of student
- Parental involvement.
- Parent-student conference with school staff
- Verbal or written apology by student
- Problem solving, monitoring or reviewing behavior expectations
- Replacement or repair of damaged property
- Temporary exclusion of student from class
- Bus suspension for students riding the bus
- In-school suspension
- Out-of school suspension

SCHOOL POLICIES

- Behavior contract
- Involvement of outside agencies
- Involvement of Police
- Expulsion.
- Record of incident retained in PowerSchool.

In dealing with inappropriate behaviors, consequences are fair, but not always equal. A number of factors are taken into account when dealing with inappropriate behavior. As might be expected, the more serious the behavior, the more severe the consequence. The nature and circumstances of the incident, as well as frequency of misbehavior, and unique student attributes such as age, maturity and the individual circumstances of the student are also considered.

UNACCEPTABLE BEHAVIOR

Unacceptable behavior could result in a suspension from school under Section 24 of the School Act. The following are considered major forms of misbehavior and will be dealt with severely, whether they occur within the school building, during the school day or by electronic means.

Bullying/Cyberbullying

Alberta Education defines “Bullying” as:

“...a repeated and hostile or demeaning behaviour intended to cause harm, fear or distress, including psychological harm or harm to a person's reputation. It often involves an imbalance of social or physical power.”

Bullying can take different forms:

- Physical – pushing, hitting
- Verbal – name calling, threats, put-downs
- Emotional/Social – exclusion, rumors, extortion of money or possessions, intimidation
- Cyber – using the computer or other technology to harass or threaten

Bullying is not a normal part of growing up and it does not build character. No one should have to put up with bullying. Bullying is a learned behaviour – children and youth often learn bullying behaviours when they either experience being bullied or see it happening to others.

SCHOOL POLICIES

Bullying is different from conflict. Conflict is defined as a disagreement or struggle over opposing beliefs, needs, feelings or actions and is a normal part of life. From time to time everyone has conflicts with friends, family, teachers, co-workers. It is important to learn how to resolve conflict peacefully and recognize the difference between conflict and bullying.

Students are expected to report bullying behaviour as soon as they can after seeing it or experiencing it. Students may do this by telling an adult in the school. Students who are uncomfortable with coming forward to school personnel are encouraged to talk with parents or friends, who could then assist them in notifying the school about bullying.

Bullying or cyberbullying of students could result in an immediate suspension from school. As well, the police may become involved in the investigation of bullying incidents. Bullying is defined in law as “the repeated intimidation of others by the real or threatened infliction of physical, verbal, written, electronically transmitted or emotional abuse.” Any person who repeatedly bullies a minor (under the age of 18) in a public place could be subject to a \$250 fine.

Defiance

Any act of defiance, that is, refusing to comply with a reasonable request from a staff member, could result in a suspension from school.

Physical / Verbal Abuse or Harassment

Physical abuse of any type to anyone could result in a suspension from school. Verbal intimidation or harassment could also result in a suspension from school. At Bishop David Motiuk, there is no such thing as “play fighting” – and therefore this will not be considered an acceptable excuse for physical contact with another student. Police may be involved if this is deemed to be appropriate by school administration.

IMPORTANT NOTE: Students who choose to watch or encourage other students in a physical fight could be suspended from school. The fact that they have an audience encourages those students who are fighting to continue the conflict, as they do not want to “lose face” in front of their peers. Thus, the spectators are viewed by school administration as being a major contributing factor to the continuation of the fighting, and they will be treated accordingly.

Improper or Profane Language

The use or display of improper or profane language could result in a suspension from school. Students who use profane language in addressing a teacher could be suspended from school.

SCHOOL POLICIES

Vandalism or Willful Damage to School Property

Vandalism or willful damage to school property could result in an immediate suspension and/or service within the school community* depending on the circumstances, students will be expected to pay fully for any damages caused deliberately or through carelessness.

*Service within the school community occurs when a student is assigned to do work to assist any of the adults in the school (i.e.: teachers, custodians, support staff). This is for a specific number of hours in a specified period of time.

Theft

Theft of property, either from the school or from another person is strictly prohibited and will result in a suspension. Restoration of the stolen property is mandatory. In some instances, cases of theft are referred to the police.

Illegal Drugs or Substances

Possession or use of illegal drugs or substances on school property or in sight of school property will result in an immediate suspension and may lead to expulsion from the school. In cases of drug use, the police will be involved in the investigation and charges could be laid.

Behavior Dangerous to Self or Others

Students who engage in reckless or dangerous behavior will be suspended from school. If appropriate, the police will also be involved in the investigation.

Weapons

Possession of a weapon or presentation of any object meant to threaten or intimidate will result in an immediate suspension. Any weapons brought to school will be confiscated and turned over to the police. Police may be involved if this is deemed to be appropriate by school administration.

IMPORTANT NOTE: This rule also applies to toy knives and guns. Simulated weapons will be treated in the same fashion as real weapons. They have no place in a school environment.

Repeated Violation of General Expectations

Repeated violation of general expectations or a continual disregard of classroom rules will result in an out-of-school suspension.

SCHOOL POLICIES

ACADEMIC INTEGRITY

PURPOSE

To support staff, students, and parents in creating a learning community where academic honesty is taught, expected, and practiced.

DEFINITION OF ACADEMIC HONESTY

Respecting the work and the ideas of other individuals. When one makes use of, or makes reference to, another's ideas or creations, appropriate credit and proper acknowledgement must be given.

ACADEMIC HONESTY AND INTEGRITY

Academic honesty and integrity is an important component of educational programming at all levels. In keeping with IB Standards and Practices, we expect all students to complete their school work to the best of their ability and to demonstrate the five fundamental principles identified by the IB — honesty, trust, fairness, respect and responsibility — by completing their work themselves and by acknowledging sources of information they may use in their assignments. Students are also expected to value the attitudes and skills inherent in being a principled communicator in all learning and assessment.

Any staff member, student or parent who is practicing the attributes of the IB learner profile will, by definition, be practicing academic honesty. We encourage learners to be: inquirers, knowledgeable, thinkers, communicators, principled, open-minded, caring, risk-takers, balanced, and reflective. Principled learning requires students to be honest and ethical in referencing sources of knowledge and ideas in their work.

SCHOOL'S RESPONSE TO ACADEMIC MALPRACTICE

Students who deliberately attempt to gain advantage in marks through dishonest practices, such as cheating, plagiarism, collusion or duplication of work will gain no credit for their work (mark of zero). If students engage in dishonest practices on more than one occasion, a comment making reference to the student's academic dishonesty could be added to the student's report card. A meeting may also be with both the student and the parent to review the academic honesty policy.

At Bishop David Motiuk, our definitions of malpractice are taken from the IB's publications regarding Academic Honesty:

SCHOOL POLICIES

Plagiarism

Plagiarism is defined by the IB as “...the representation, intentionally or unwittingly, of the ideas, words or work of another person without proper, clear and explicit acknowledgment (MYP: From Principles into Practice, p. 94).”

In other words, plagiarism is when a student knowingly or unknowingly using another person’s words or ideas and passes them off as his or her own. It is fine to use another person’s ideas and words, as long as they are acknowledged using correct quotations and citations.

Collusion

Collusion is defined by the IB as “...supporting malpractice by another [student], as in allowing one’s work to be copied or submitted for assessment by another” (MYP: From Principles into Practice, p. 94).”

Collusion, then, is helping someone to cheat by doing things such as providing answers to a test or allowing others to copy work and turn it in as if it were their own. Collusion is never acceptable.

Duplication of Work

Duplication of work is defined by the IB as “...the presentation of the same work for different assessment components” (MYP: From Principles into Practice, p. 94).”

Students who have completed an assignment in one class or subject would not be able to use parts or all of that assignment in other classes or subjects. To do so would constitute a duplication of work. Even though the student may have originally completed the work, it can’t really use it again – unless it is properly quotes and cited.

ROLES AND RESPONSIBILITIES (adapted from Page 7 of the IB Academic Honesty Document)

The student is ultimately responsible for ensuring that all work submitted is authentic, with the work or ideas of others fully and correctly acknowledged.

The principal, and by extension, the school’s teachers, must ensure that all students:

1. understand what constitutes academic honesty, an authentic piece of work and intellectual property
2. receive guidance on study skills, academic writing, how to conduct research and how to acknowledge sources
3. understand what constitutes malpractice (particularly plagiarism)
4. know the consequences of being found guilty of malpractice.

SCHOOL POLICIES

It is the responsibility of each teacher to confirm that, to the best of his or her knowledge, all student work is the authentic work of each student. Teachers are also expected to support and act on the school's policy on good academic practice and provide students with advice whenever necessary. In this respect teachers must act as good role models for the students.

STUDENT-OWNED DEVICES POLICY

Bishop David Motiuk School believes in providing students with an educational environment that will engage and empower them as technology users.

Wireless Network

Students are able to access our wireless network under the following conditions:

- The use of the network and personal devices is for educational, not social use.
- Students using their devices for personal use must adhere to ECSD's Student Responsible Use Agreement. Devices may only be used for personal use BEFORE 8:45 am and AFTER 3:12 pm. Consequences will result for students who do not follow school policy.

Personal Devices

- Students are responsible for the security and safety of their own devices, including Chromebooks and cell phones. The school assumes no responsibility for the safety, security, loss, repair or replacement of a student's personal devices.
- Devices must be fully powered prior to using them at school to avoid loss of time, management issues and overloading of electrical outlets.
- Sharing of devices is only permitted if students are working together. Students should not allow other students to use their personal devices.
- Use of cameras and video recording devices is permitted under teacher supervision only. No school pictures or videos of any kind may be posted on any social media or personal sites.
- Teachers will review internet etiquette with students.
- Teachers and administrators have the right to "search" student-owned devices – including cell phones - if they have reason to believe that the device has been used inappropriately.
- Student devices will work from the "Cloud" and will follow the same internet safety precautions and sites as if they were in a wired lab, In other words, sites like "Instagram" or "Snapchat" may not be available for student use while at school.
- Teachers and IT specialists make every effort to ensure the availability of IT resources, with the understanding that at times, these resources may not be available.

SCHOOL POLICIES

Cell Phones

- Cell phones must be on silent mode and kept in the student's locker during the school day. Lockers must be locked.

Students Must:

- Follow all ECSD policies and administrative procedures regarding responsible use of technology.
- Take full responsibility for, and respectfully use, IT resources and equipment available to them.
- Take responsibility for their actions when using technology, always respecting the rights and privacy of others.
- Use IT resources and equipment in a positive manner so as not to disturb system performance and to not breach security standards.
- Be mindful of internet/network safety protocols:
- Keep personal information secure, including age, address, phone number.
- Keep passwords confidential and refrain from sharing them – even with friends.
- Report any inappropriate material, security, or network problems to a teacher, administrator, or system administrator.
- Recognize that not all information found on the internet is true and accurate. Assess information found on the internet carefully.
